Community Reviews for this School

Posted: 2/17/2024 by Senior

The engineering and arts departments are some of the best across the district. There tends to be alot of people smoking in bathrooms and skipping class.

I've been in the school for only 2 semesters and overall, I think it is a very good school, they take discipline, respect and education seriously. They do their best to provide good facilities, transportation, and food for all their students. The teachers, and everyone in the administration are very nice and friendly with everyone, I regard it as a safe space. They do their best to make sure every student does their best, even if they have to each everyone on by one till they understand.

The Riverside Engineering Program allowed me to learn how to use many machines like laser cutters and #D printers. The teachers at Riverside are also extremely caring and make you really feel like they want you to succeed just as much as you do. Teacher shave constantly helped me with work both before and after school. Knowing that teacher will take valuable out of school hours to help me makes me want to succeed even more. I have also been able to learn things like wiring and coding which I use for personal hobbies like coding a program that always gets the Wordle within three tries. The worst part of the school has to be the administration. The admins at Riverside are very disorganized and have switched the school schedule three times in the past year.

I've had a positive experience at Riverside High School. I adore the teachers there; they are always willing to help with tutoring during lunch if we need it. After a 45-minute lunch, we have a 45-minute study period during which we can ask the teachers any questions. Their food is delicious; I especially enjoy their chicken salads. Additionally, I've had positive experiences with the club I belong to, where we work on initiatives that involve charitable donations or community service.

"The teachers at Riverside are truly what makes the largest difference about this school. The environment they culminate has given me the upmost excitement to go to school and learn every day, and there are so many of them that I will never forget. The administration however, contrasts that completely and could be described best as ""a hot mess."" Despite that, the education, relationships, and life lessons I will take away after graduation in the spring outweigh this, and I will forever carry my Pirate pride!"

About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
